

HEALTH & SAFETY

Your local RMT health and safety representative is:

Your safety rep's contact details are:

Email

Phone

RMT Health and Safety Representatives have legal powers that entitle them to:

- Take up workplace health and safety concerns with management
- Regularly inspect workplaces, highlighting safety concerns to management
- Share health and safety information with workers about possible workplace risks

By working with and reporting to your RMT Safety Rep you can help RMT and the employer improve safety in your workplace.

Research shows that in workplaces with trade union activity accidents can reduce by as much as 50%
